We have added the following since Dennis Kelly made the above list, he is off sailing the seas so I'll wait until he gets back so that he can update it, but we now have also:

Vol. 12, #4 June 1907 – we obtained a copy from the Bow Museum in Calgary – they hold the original.

Vol. 16, #4 August 1912 – we copied the original held by the Trent Valley Archives in Peterborough

Vol. 18, #1 May 1914 - we copied the original held by the Trent Valley Archives in Peterborough

Vol. 18, #2 December 1914 – we copied the original held by Trent Valley Archives in Peterborough

Vol. 18, #3 January 1915 – we copied the original held by the Trent Valley Archives in Peterborough

Vol. 19, #3 July 1916 – we copied the original held by the Trent Valley Archives in Peterborough.

We have indexed four of the six and are indexing the other two right now. Library and Archives Canada should have the database up pretty soon, so Sylvie Tremblay tells me, it will be about 60,000 names. I have given LAC copies of these and most of the others are on film there, they do have several hard copies but they are preservation ones and we cannot copy from them. The database has been held back in order to add a page number column. Thanks for the offer of 1942 but that is on film, it is also one of the hard copies held by LAC. The front cover of one of the 1902 issues was not filmed and this has a list of lads from the 1900 parties with their first settlement, this issue is on another film at LAC so we copied that page and it will be in the hard copy collection at LAC.

I only know of two copies out there that we have not indexed and they are held by Juanita Williams, she says when she can find them she will copy them for us, but she has moved and the issues are hidden away somewhere. I can't remember for sure but believe one issue is in 1907 and the other in 1908.

We can thank Brian Rolfe for getting this started. Best wishes - John
